Did You Know?

Bin material security is important. Revolution Resource Recovery provides no fines for unauthorized material contamination by others.

If your bin becomes unsightly or gets tagged with graffiti, simply call 604-539-1900 Ext. 1 and they will repair or replace your bin within 7 days.

You are responsible for the area around your bins and if not kept clean, you could be issued a fine of up to \$100.

About Revolution Resource Recovery

- Local Canadian family owned and operated since 1989.
- Owns & operates three multi-material sortation facilities within the lower mainland.
- Processes over 22 million pounds of commercial organics every month.
- Leading the local environmental push to better the way waste streams are processed.
- Revolution diverts from landfill up to 90% of all materials brought to their processing facilities.
- Willing to work with each individual business on a one-to-one, case-by-case basis to custom design waste services.
